The new McMillen Library, dedicated May 19, 1962

INDIANA TECHNICAL COLLEGE

FORT WAYNE, INDIANA

EDICATION . . .

The students and faculty of Indiana Tech proudly dedicate this yearbook to Mr. Dale W. McMillen in deepest appreciation of his most generous gift—a gift which has made and will continue to make a vital contribution to the intellectual growth of all students who come here, not only from the United States but from many countries throughout the world.

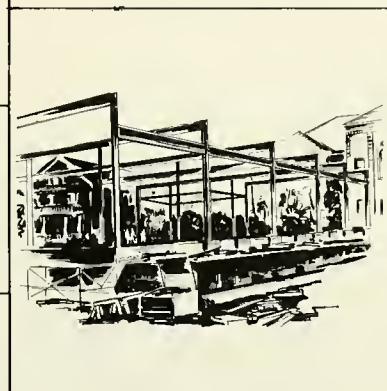

Mr. McMillen, right, formally presents library to Arthur Fruechtenicht, Chairman of Board of Trustees, May 19, 1962.

Dedication of Dale W. McMillen Library, May 19, 1962.

The Chairman of the Board of Trustees, Arthur Fruechtenicht (right), and Carl Pierson, Vice-Chairman (left), are admiring this new portrait of Dale W. McMillen which is to hang in the library.

The main reading room

The carrels above are located behind the stacks shown in the picture above.

Steve Breiner, President of the Student Council, presents "Thank You" book containing student signatures to "Mr. Mac."

Paul Taylor, President of Kappa Sigma Phi, presents Recognition Award from the fraternities to "Mr. Mac."

Students checking out books to complete assignments

On the floor below the reading room there are smaller rooms available for seminars and study.

Don Temple, President of the Alumni Association, presents a Distinguished Service Award to "Mr. Mac" honoring him as "industrialist, philanthropist, and humanitarian."

Messrs. Dana and McMillen, left and right, advise Robert R. Gilruth, Director of Project Mercury, as to procedure in accepting Honorary Doctor of Science Degree.

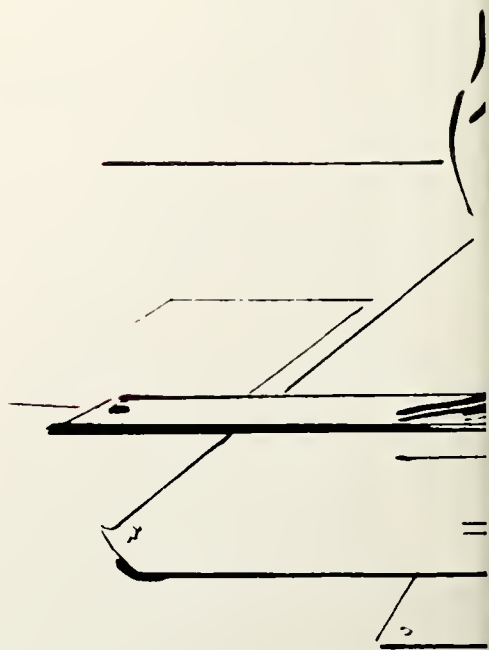

Even before landscaping was completed, the students lost no time in making use of "Mr. Mac's" generous gift to further higher education in Fort Wayne for the many students who come here from all parts of the world.

The Theme of Dedication Day for the new Library is displayed at the luncheon on May 19, 1962.

ADMINISTRATION AND FACULTY

Plans to build a new library were launched by Mr. Dale W. McMillen, founder and president of Central Soya Company, in February, 1961, when he pledged his full support for the new building.

President Archie T. Keene, at left, shows Robert R. Gilruth, director of Project Mercury, the Indiana Tech campus. Dedication Day, May 19, 1962.

AERONAUTICAL ENGINEERING

The Aeronautical Engineering Department at Indiana Technical College strives to have the student well prepared in the basic sciences before the advanced aeronautical topics are undertaken. A graduate with a B.S. degree in Aeronautical Engineering may enter many phases of the aeronautical field. The ever-increasing advances in the field of aeronautics, such as the earth satellite program, will continue to offer a challenge to the engineer of the present and future.

Head, Chemical Engineering Department

CHEMICAL ENGINEERING

One of the newest branches of engineering, Chemical Engineering has advanced rapidly. Practically all industry in some stage of processing, development or manufacturing, must depend upon men with a knowledge of chemistry. Today there are highly specialized and diversified fields such as Gas, Metallurgical, Ceramics and Petroleum. Because of its being the basic technology underlying the development and operation of virtually all industry, Chemical Engineering will realize even greater growth in the years to come.

Head, Civil Engineering Department

CIVIL ENGINEERING

The development in the various branches of engineering has created new problems in the design and construction of buildings, highways, airports and other structures. The Civil Engineer is meeting the demands of our present age with new methods and ideas. Even though Civil Engineering is the oldest of the fields of engineering, it continues to grow and develop and provide opportunities for men of vision.

ELECTRICAL ENGINEERING

Electrical Engineering can be generally divided into two main categories: controls and electronics (communications). The graduate electrical engineer may find himself working in the fields of radar, guided missiles and satellites, atomic energy, electronic computers, radio communications, television, control systems, power generation and distribution, and other numerous specialized phases of Electrical Engineering in commercial, industrial and military fields.

MECHANICAL ENGINEERING

The field of Mechanical Engineering is so broad that no man can be an authority on all of its branches. Consequently, mechanical engineers tend to become specialists in chosen branches. Therefore, the student is given a thorough background in the basic sciences. This field is very extensive, for practically every manufactured article requires the services of mechanical engineers both in the design of the machine on which it is made and in the production of the article on those machines in the factory.

CHEMISTRY

Chemistry is one of the fundamental sciences, important both in that it underlies all phases of modern living and in its own right as a field of employment for the several hundred thousand American chemists. Its scope includes everything from process control and analysis to the "glamor" fields of nuclear science and radioactive tracer technique, biochemical research and organic syntheses of vital drugs, plastics and explosives.

ENGLISH

The primary objective of the English Department in an engineering college is to teach the engineering student the best methods of both oral and written communication. This is essential in order that the engineer may more effectively express himself socially and technically.

MATHEMATICS

In our complex society, scientific progress depends on the mathematician, the engineer and many other scientists whose primary tool is mathematics. The Department of Mathematics offers a well-rounded course for the young mathematicians, as well as the essential mathematics for the engineering, physics and chemistry students.

PHYSICS

If, as has been said, "this is the atomic age," then this is the age of physics. Nuclear weapons and machines are products of the physics laboratory. Each new day finds the physicists of our nation ever widening horizons of man's knowledge. Therefore, Indiana Technical College meets the need for training in physics by offering basic and advanced courses designed to prepare a student either for direct participation in industry, or for a scientific career of the more traditional type.

ENGINEERING GRAPHICS

Engineering Graphics is a descriptive graphical language used by engineers and designers throughout the world to express, develop and record their ideas and information. Men of industry have indicated that Engineering Graphics is not only important, but absolutely necessary. Students need a thorough grounding in the fundamentals of science and communication, and should be trained early in the engineering approach for the solution of problems. They must have training in space visualization; they must develop their powers of analysis and synthesis; they must be given experience in creative thinking at the start of their college work; and their abilities to develop and record ideas must be constantly challenged.

G RADUATES

The plans were completed, and the ground-breaking ceremony was held May 27, 1961.

Rafique V. Ahmed, BSEIE; Sylhet, Pakistan; President's List (1); Electronic Engineering Society; Pakistan Student Association, President.

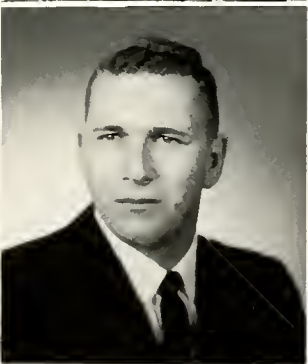

Nicholas J. Albanese, BSME; Hempstead, New York; Iota Tau Kappa (1); President's List (6); Honor Roll (1); Mechanical Club, Secretary; Student Council; **KEKIONGAN** Staff; Veterans Club; Student Instructor, Graphics Lab (6); Varsity Golf.

Gerald W. Allen, BSEIE, Math Option; Tullahoma, Tennessee; President's List (1); Electronic Engineering Society.

George W. Atkinson, BSCE; Coudersport, Pennsylvania; President's List (1); Association of Civil Engineers; Society of Automotive Engineers; Student Council; Rifle Club.

Francis D. Bader, BSEIE; Columbia City, Indiana.

Gordon L. Bailey, BSEIE; Ossian, Indiana; President's List (3); Electronic Engineering Society; Nucleus Staff; Intramural Softball.

Jay N. Ballentine, BSEIE, Math Option; McClure, Pennsylvania; President's List (1); Electronic Engineering Society.

John E. Bartus, BSEE; New Haven, Indiana; Alpha Gamma Upsilon Fraternity, Assistant Pledge Master; Bowling Club, President, Vice-President; I.T.C. Bowling Team (1), Team Captain.

George C. Beck, BSME; Scottdale, Pennsylvania; President's List (6); Caswell Award; Mechanical Engineering Club, Secretary (1), President (2); Intramural Sports.

Wayne E. Beck, BSEIE; Scottdale, Pennsylvania; Student Council; Student Instructor, Graphics Lab; Baseball Team.

Myron Bennett, BSEIE; Southampton, New York; President's List (5); Electronic Engineering Society; Newman Club; Intramural Golf.

Steen Bentzen, BSEIE, Math Option; Pilemuset Sorup Fredensborg, Denmark; Iota Tau Kappa; President's List (8); Electronic Engineering Society; Philosophy Club; Lutheran Student Organization.

Merlyn L. Bloom, BSEIE, Math Option; Oak Harbor, Ohio; President's List (5); Electronic Engineering Society, Sports Chairman; Student Council; Lutheran Student Association, Vice-President; Glee Club.

Lawrence F. Case, BS Physiccs, Math Option; Chicago, Illinois; President's List (2); Physics Club; Student Council; Assistant Physics Lab Instructor; Cheerleader (2); Kappa Sigma Kappa, Chaplain, Historian.

Joseph P. Chamberlain, BSEIE, Math Option; St. Petersburg, Florida; President's List (1); Electronic Engineering Society.

Donley J. Corkery, BSEIE, Math, Option; Maniwaki, Quebec, Canada; Iota Tau Kappa; President's List (11); Honor Roll (10); Electronic Engineering Society, Publicity Chairman; Student Council (6); **Nucleus** Staff; Chemistry Lab Assistant (1).

FALL

Kenneth R. Crowe, BS Physics, Math Option; Montpelier, Ohio; President's List (7); Physics Club, President (2), Vice-President (2); **KEKION-GAN** Staff; Assistant Physics Lab Instructor.

Fred Davis, BSEIE, Math Option; Vancouver, B. C., Canada; President's List (2).

Sergio Diaz, BSCE; President's List (1); Association of Civil Engineers, Treasurer; Chess Club; Soccer Team (2).

Lawrence J. Dilworth, BSEIE; Princeton, New Jersey; President's List (5); Honor Roll (1); Electronic Engineering Society; Alpha Omega Tau, Treasurer.

Dean M. Gates, BSEIE; Fallentimber, Pennsylvania; President's List (3); Electronic Engineering Society.

Gary W. Gilbert, BSAeE; Fort Wayne, Indiana; President's List (4).

Alan S. Gould, BSChE; Miami, Florida; Chemical Engineering Society, Secretary; Chess Club, President; Assistant Chemistry Lab Instructor (1).

Arthur L. Headlough, BSEIE; Akron, Ohio; Electronic Engineering Society; Flying Club; Varsity Club, President; Alpha Gamma Upsilon, President; Assistant Physical Education Instructor (5); Varsity Baseball (3); Intramural Sports.

FALL

Richard T. Hill, BSME; Sutherland, Iowa; President's List (7); Honor Roll (1); Society of Automotive Engineers.

Bob G. Hodge, BSCE; Fort Worth, Texas; Association of Civil Engineers; Varsity Baseball; Intramural Sports.

Emery S. Horvath, BCE; Easton, Pennsylvania; President's List (5); Association of Civil Engineers, Treasurer; Intramural Sports.

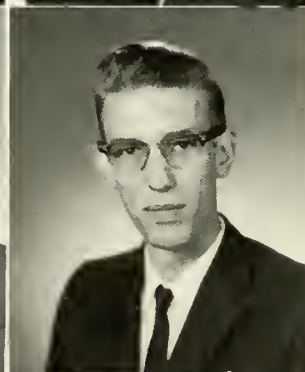

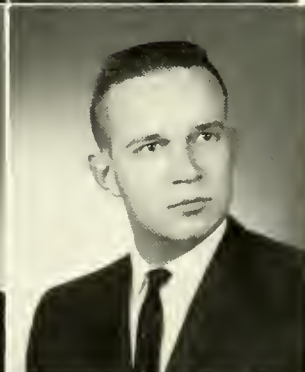

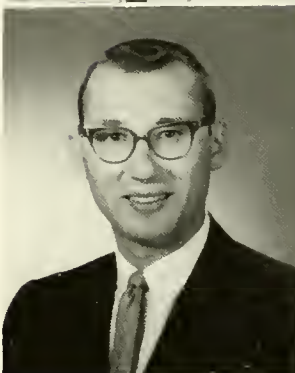

R. Lawrence Huff, BS Math; Fort Wayne, Indiana; President's List (15); Honor Roll (10); Technician Staff; Student Assistant to Dean of Students, Placement, Public Relations.

Arnold E. Huge, BSEIE; Fort Wayne, Indiana; Electronic Engineering Society; Weight-Lifting Club.

Jay R. Kelchner, BSME; Palmyra, Pennsylvania; President's List (2); Mechanical Engineering Club, Chairman, Treasurer; Pistol Club, Secretary-Treasurer; Glee Club; National Rifle Association; 1960 Science Fair and Carnival, Co-Chairman.

James E. Kelly, BSEIE; North Adams, Massachusetts; President's List (1); Flying Club, Assistant Flight Safety Officer.

Ronald A. Kobiske, BS Physics, Math; Weyauwega, Wisconsin; Iota Tau Kappa, Secretary-Treasurer; President's List (5); Honor Roll (10); Physics Club; Assistant Physics Lab Instructor (4).

FALL

Walter Langeman, BSEIE; Coaldale, Alberta, Canada; **Nucleus** Staff, Gold Key Award; Theta Mu Pi, Pledge Master, House Manager.

Walter S. Leiser, BSEIE, Math Option; Columbus, Ohio; Co-op Program.

Howard D. Lewis, BSEE; Clarksville, Tennessee; President's List (2); Honor Roll (2), Electronic Engineering Society, Vice-Chairman; Student Council (2); **Nucleus** Staff, Business Manager.

Samuel T. Litz, BSCE; Welch, West Virginia; President's List (4); Association of Civil Engineers, Sergeant at Arms; Intramural Sports.

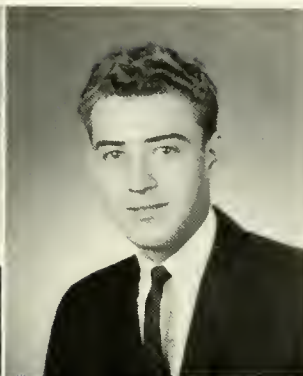

Edmond J. McKean, BSCE; Springdale, Connecticut; President's List (2); Association of Civil Engineers.

Frank Machamer, BSCE; Rome, New York; President's List (4); Association of Civil Engineers; Veterans Club, Vice-President; Weight-Lifting Club.

Frank J. Magyar, BSEIE; Cleveland, Ohio; Electronic Engineering Society.

Sun On Moy, BSME; New York; Mechanical Engineering Club; Chinese Club; Intramural Bowling.

Robert Mozzer, BSEIE; Manchester, Connecticut; President's List (2).

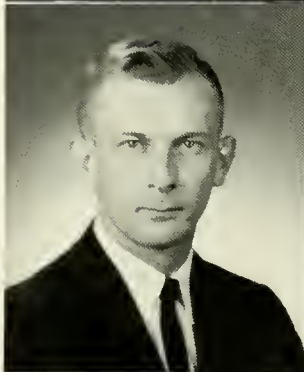

Guillermo O'Byrne, BSCE; San Salvador, El Salvador; Honor Roll (1); Association of Civil Engineers; Phi Iota Alpha, Vice-President; Varsity Soccer (3); Intramural Sports.

Stanley D. Payne, BSME; Fort Wayne, Indiana; Iota Tau Kappa; President's List (10); Honor Roll (4).

Walter J. Peck, BSME; Holgate, Ohio; President's List (3); Society of Automotive Engineers, Secretary; Dormitory Governor (1).

Thomas J. Rajac, BSME; Newport News, Virginia; Iota Tau Kappa; President's List (8).

Bernard Res, BSME; Richmond, Indiana; President's List (5); Honor Roll (2); Society of Automotive Engineers; Theta Mu Pi, Treasurer.

J. Patrick Riddle, BSCE; Springfield, Oregon; Honor Roll (1); Association of Civil Engineers, President, Secretary; Alpha Gamma Upsilon, President, Supreme Master, Pledge Master, Executive Committee, Board of Directors, Treasurer; **Technician** Staff; Student Advisory Committee; Inter-fraternity Council; Fencing Team; Intramural Sports.

William C. Robb, BSEIE; Detroit, Michigan; President's List (1); Glee Club; Flying Club; Phi Kappa Lambda, President, Secretary, House Manager; Interfraternity Council; Dormitory Counsellor (2); Intramural Sports.

FALL

CLUBS AND ORGANIZATIONS

The new building grew steadily during the following months of 1961.

First Row: Lewis, H., Senior; Oglesby, L., Junior; Chemelewski, D., Junior; Scibelli, R., Junior; Wright, C., Sophomore; Breiner, S., Junior; Meyer, H., Sophomore; Carroll, T., Sopho-

more. Second Row: Ripple, J., Senior; Corkery, D., Senior; Drall, J., Freshman; Schalow, R., Sophomore; Dixon, J., Senior; Schrader, R., Junior; McSweyn, H., Junior; Beck H., Junior.

STUDENT COUNCIL

The Student Council is an organization composed of elected students of each class. It serves as a liaison organization between the administration, the student body, and other colleges in matters relating to student activities.

The Inter-Fraternity Council is the judicial body which governs the standardization of the pledging program, and promotes cooperation among the fraternities in both scholastic and social affairs. It is composed of representatives of each fraternity on campus.

INTERFRATERNITY COUNCIL

First Row: McSweyn, H., Sigma Phi Delta; Tomko, A., Phi Kappa Lambda; Zegan, P., Theta Mu Pi; Henderson, D., Advisor; Longo, J., Theta Mu Pi; Hartman, H., Kappa Sigma Phi. **Second Row:** Bustillos, F., Phi Iota Alpha; Nelson, J.,

Alpha Gamma Upsilon; Salles, H., Alpha Gamma Upsilon; Williams, F., Kappa Alpha Psi; Hubenthal, R., Kappa Sigma Kappa; White, G., Sigma Phi Delta.

First Row: Fatoorachi, B., Fatoorachi, Y., Todjarieh, T. Second Row: Shahverdian, A., Aynessazian, B., Naghdi, J.

IRANIAN STUDENT CLUB

The Iranian Student Club is an organization of students from Iran now studying at Indiana Technical College. Its purpose is to promote better understanding between themselves and the American people, and to assist the students in coming in closer contact with one another.

The Association of Civil Engineers of Indiana Technical College is an organization of students and faculty in the civil engineering department.

The purpose of this organization is to attempt to communicate to the student some of the difficulties he will experience in his chosen field. This is accomplished by inviting as guest speakers men from different branches of the civil-engineering field.

ASSOCIATION OF CIVIL ENGINEERS

First Row: Sautins, J., Komito, D., St. Denis, H., Oda, R., Smith, T., Solomon D., Stephan, H., Tamhidi, R., Yodushock, K., Todjarieh, T. **Second Row:** Tanaka, R., Stillwagon, W., Acheson, J., Allen, R., Farley, W., Litz, S., Atkinson, G.,

Braun, H., Cassidy, T., Fiorenza, C., Castro, F. **Third Row:** Shahverdian, A., Horvath, E., Callison, T., Preble, R., Hayes, F., Robeson, D., Ferrari, K., Morgan, R., Machamer, F., Newman, A., Díaz, S., Scanlon, J., Hamm, G., Kizer, R.

First Row: Hoffman, J., Welty, N., Jones, M. **Second Row:** Perry, C., Hope, D., Hope, R., Wolfe, L.

INTER-VARSITY CHRISTIAN FELLOWSHIP

The purpose of ITC Inter-Varsity is to provide Christian fellowship and Bible Study for students of Indiana Technical College. The ITC Inter-Varsity is a non-denominational group affiliated with the Inter-Varsity Christian Fellowship, which is an international organization. We welcome all students and faculty of Indiana Technical College to attend our meetings.

The Chemical Engineering Society is open to any student in Chemical Engineering. Its purpose is to help develop the student in his profession by disseminating knowledge relating to the practice and theory of chemical engineering for him.

CHEMICAL ENGINEERING SOCIETY

First Row: King, D., Macpherson, J. **Second Row:** Cranmer, J., Moderator; Ghogawala, H., Albright, R., Howard, R., Davis, D., Hamilton, J., Siebert, G., Wright, C., Dixon, Dr. T., Depart-

ment Chairman. **Third Row:** Damle, V., Mehta, K., Wagle, A., Berkey, E., Gould, A., Consultant Engineer; Barkson, E., Hurt, J., Bodette, J., Kurtz, J., Trahan, R.

First Row: Blank R., Devlin, E., Pursell, J., Tymolsko, J., Noll, T., Kamecke, W., Eng, W. Second Row: Woo, E., Lee, D.,

Partenheimer, J., Gecks, D., Stebbins, P., Honeycutt, H., Longo, J., Prevette, R., Mohammed, R.

AMERICAN INSTITUTE OF ELECTRICAL ENGINEERS

The Indiana Technical College Electrical Association is an association devoted to promoting professional growth in students in the field of Electrical and Electronic Engineering. It prepares the student for his profession by field trips into industry and guest speakers from industry in these fields.

The association is an affiliate of the American Institute of Electrical Engineers, and membership is open to any student enrolled in the electrical or electronic departments.

The purpose of the Electronic Engineering Society is to bring together all of the electronic engineering students in order to promote interest in electronic engineering and to advance it and its allied fields.

This society provides members with the opportunities to hear qualified speakers from this field of industry and to tour plants which design and produce electronic equipment.

ELECTRONICS ENGINEERING SOCIETY

First Row: Huge, A., Dilworth, L., Seagraves, D., Allen, G., Gates, D., Bennett, M. **Second Row:** Sullivan, R., Lewis, H., Sorenson, Prof. P. F., Faculty Advisor; Corkery, D., DeWoody, D., Cowder, N., Bentzen, S., Vimislik, H. **Third Row:** Deforest,

D., Doyle, C., Hill, W., Surprise, J., Woo, E., Eng, W., Ballentine, J. **Fourth Row:** Chewey, G., Lowry, R., Hubenthal, R., Bailey, H., Dykman, R., Sutton, D., Bloom, M., Gavitt, R., Sena, J.

First Row: Robert Foggan, Ken Strong, Faculty Advisor; Mike Warren, Joseph Walko. **Second Row:** James McCracken, Kent Olson, Andrew Tomko, Kevin Gaul, R. Ashby. **Third**

Row: Larry Oglesby, Alec Wilder, Tom Callahan, Barry Gartman.

INSTITUTE OF AERONAUTICAL SCIENCES

The Institute of Aeronautical Sciences is the representative society for engineers, designers, and technical specialists in all of the sciences related to the design and development of airborne craft.

Student membership provides the student engineer or scientist with broad opportunities to engage in activities associated with his future career in aviation.

The Mechanical Engineering Club is an affiliate of the Fort Wayne section of the American Society of Mechanical Engineers. Membership is available to students enrolled in the Mechanical Engineering department.

The purpose of this organization is to advance, promote, and teach new phases of mechanical engineering. This is accomplished by speeches by experienced engineers and field trips to area industry.

MECHANICAL ENGINEERING CLUB

First Row: Cartwright, R., Zaucha, R., Kennedy, J., Sheffer, R., Gasdorf, R., Maciolek, C., Rushton, W. **Second Row:** Ferguson, N., Kuystantas, S., Hite, S., Beck, G., Quinn, C. J., Faculty Advisor; Butthmann, H., Palmatier, D., Flanigan, M. **Third Row:** Bustillos, F., Cook, H., Kershaw, J., Ghumrawi, S.,

Patrick, J., Kelchner, J., Williams, L., Moy, S., Powell, G. **Fourth Row:** Topp, C., LaFollette, R., Kyle, O., Woodfiel, W., Endenberger, P., Scott, G., Hartman, L., Albanese, N., Farley, W., Jones, V.

First Row: Peck, W., Macklin, H., Faculty Moderator; Res, B., Buyers, W., Farley, W., Leonard, A. Second Row: Thoma, S., Hill, R., Webster, J., Bise, T., Dominique, C.

SOCIETY OF AUTOMOTIVE ENGINEERS

The Society of Automotive Engineers at Indiana Technical College is a student branch, affiliated with the national society. It is sponsored by the Mechanical Engineering Department and is open to all engineering students who are interested in the advancement of the automotive industry.

The Society of American Military Engineers has made membership in its organization available to any full-time student. It is a national organization whose purpose is to advance the knowledge and understanding of the science of military engineering in connection with its service to the United States of America.

KEKIONGAN AMATEUR RADIO CLUB

The Kekionga Amateur Radio Club's objectives are to promote amateur radio activities among interested students and to bring together students who have an interest in the practical application of communications.

To qualify for membership, a student or faculty member must have a Federal Communications Commission License ranging from novice to advanced. Instruction for these licenses is provided by the qualified members to those who wish to take the examinations for them.

The Indiana Technical College Flying Club was formed to give members an opportunity to fly, to obtain their licenses and to learn to fly at minimum cost. Day and night, local and cross-country flights are made at slight expense of the members. The organization has two planes: a Cessna 140, and a Cessna 120, both of which are hangared at Smith Field. Membership is open to all students and faculty of Indiana Technical College.

INDIANA TECHNICAL COLLEGE WEIGHT- LIFTING CLUB

The Indiana Technical College Weight-Lifting and Body-Building Club began in January of 1958. Its purpose is to promote physical culture and further sportsmanship and teamwork. Teams from the club have entered and have placed satisfactorily in college competition. Membership is available to any student who is not on scholastic probation.

The goal of the Physics Club is the advancement and diffusion of knowledge pertaining to the science of physics and its application to human welfare.

The organization has acquired a laboratory for experimental projects. Besides these projects, the organization's goal is reached by trips into industry and noted lecturers in the field of physics.

ARAB STUDENT CLUB

The objectives of the Arab Student Club are: the promotion of better understanding with the American people, the dissemination of true and adequate information about Arab people, the extension of help and guidance to Arab students at Indiana Technical College, and the securing of scholarships for the benefit of Arab students. Membership in this organization is available to any Arab students and any students interested in the Arab world.

The primary purpose of the Hawaiian Club is to be of helpful assistance to the members in their undergraduate studies at Indiana Technical College. The state of Hawaii is the only state represented by a student organization at Tech. Membership is open to any student in good standing.

CHINESE CLUB

To be a member of the Chinese Club, one must be of Chinese origin. The primary purpose of this organization is to promote cultural and social relationships for members. This is accomplished by participation in intramural sports, study of both western and oriental cultures, and instillment of a worthy philosophy of life.

The purpose of the Mathematics Club is to promote among the students of Indiana Technical College an active, enthusiastic interest in Mathematics and its applications in science and engineering. Regular membership shall be open to any student or faculty member of Indiana Technical College who is interested in mathematics. Honorary membership may be conferred upon persons selected by the electorate for outstanding contributions to the club or to mathematics.

KEKIONGAN

The year 1961-62 has drawn to a close leaving us with the memories of what will come to be known as those "happy carefree days in college." As the weeks and months grow into years, we the staff of the 1962 KEKIONGAN hope that this book will help you to relive some of the moments spent in the intellectual growing pains at Indiana Tech. We have attempted through words and photos to present an attractive record of some of the important highlights of the year which made these pains more pleasurable.

NUCLEUS

We of the staff like to feel that we have done a good job of representing the Tech student. Our primary purpose is to promote student interests, and to present news and information of importance to all at Indiana Tech.

We believe in Indiana Tech and its principles, and we consistently support all organizations and programs which contribute to the welfare and progress

of the college. Whenever criticisms are leveled, we intend them to be constructive, and in keeping with a policy of responsible reporting.

Regarding issues of importance outside the ITC campus, our theme is one of loyalty to the principles of Democracy and a free society, and of unflagging opposition to any ideas or actions which tend to undermine the American way of life.

INDIANA TECH WIVES

The main objective of this organization is to further social activities, acquaintances, and good fellowship among the wives of the students of Indiana Technical College. We also sponsor programs on topics of interest for the benefit of the members of this organization.

The highlight of the year was a hobby auction and fashion show. The wives created the articles that were auctioned and entertained their guests by modeling the fashions which were provided by McCall's.

A banquet was held honoring the wives whose husbands were graduating.

The officers included: President, Marilyn Green; Vice-President, Joan Bohrer; Secretary, Roseanne Lowry; Treasurer, Shirley Feinmel.

KAPPA SIGMA PHI

Kappa Sigma Phi is a social fraternity of college men dedicated to the promotion of Fellowship, Scholarship, and Sportsmanship. The purpose of this fraternity is to bring together, in close bonds, the brothers of this fraternity; to assist one another while in school as well as in the business world. Kappa Sigma Phi fraternity has a standing membership of approximately forty active members each term. As the turnover in membership is usually large because of the number of members graduating each term, several pledges are accepted for initiation into the fraternity each term.

THETA MU PI

Originally organized at Indiana Technical College in January, 1957, Theta Mu Pi Fraternity places special importance on three items: EQUALITY, UNDERSTANDING, and UNITY. A constructive pledge program with no hazing or degradation of any sort, as well as special stress being placed on high scholarship as a requisite to a successful fraternity, are an integral part of the program. All members are accepted solely on their own individual worth, regardless of race, color, or creed.

KAPPA ALPHA PSI

K A Ψ

Kappa Alpha Psi, a college fraternity now comprised of more than 200 undergraduate and alumni chapters on major campuses and in cities throughout the country, boasts a membership of over 20,000. It was founded in the school year of 1910-1911 on the campus of Indiana University at Bloomington, Indiana. Its constitution is the law of an organization predicated upon, and dedicated to, the principles of achievement through a democratic fraternity.

Preparation of the coat of arms was completed during the summer of 1911 by three of the founders who solicited the aid of a professor of Greek Art at the Indiana University together with that of a professor of Greek at Concordia University. The second chapter of Kappa Alpha Psi was chartered in 1913.

IOTA TAU KAPPA

Iota Tau Kappa is an honorary engineering fraternity whose name symbolizes Industry (Iota), Thrift (Tau), and Knowledge (Kappa). The chief objective of this organization is to promote and to inculcate high ideals and attitudes of scholarship among the members of the student body of Indiana Technical

College. In order to become a member of Iota Tau Kappa, an engineering student must have a grade-point average of 3.5 or more for four terms, not necessarily consecutive terms. At least sixteen college credit hours shall comprise each of these four terms.

Theta Tau Upsilon Fraternity was originated on April 7, 1962, by sixteen students of Indiana Technical College with the basic purpose of becoming a National Fraternity. The membership grew until 38 men were granted charter membership.

The members then resigned themselves to the task of reaching the initial goal. The Fraternity standards were established to instill a strong foundation and to make membership a true honor and privilege.

The basic ideals of the Fraternity were to promote high academic standards, provide a useful service to college and community, to guide and manage gentlemanly conduct at all times, to always put forth with highest moral character, and to develop an unsurpassable union of brotherhood that will serve as a guide throughout a lifetime.

BASKETBALL

The Tech Warriors basketball squad, under the fine leadership of Coach Macy, completed the most successful season in the history of the school. Not only did the team compile a good 19-won-and-6-lost record, but they placed first in the Mid-Central Conference and were runners-up in the R.I.T. tournament.

Ron Zigler was named Most Valuable Player. He was the leading scorer and led in offensive rebounds. The Carni Basketball Award went to Dave Hickman and Mike Giger, and the most improved player award was given to Ralph Spencer.

The Warriors will be losing three top competitors: Cloys, Hatch, and Hubenthal. The loss of these men will definitely injure the depth of next year's ball team, for they will not easily be replaced.

SOCCER

The Tech soccer team for the past five years has been gradually building itself into perhaps one of the top Mid-West teams. Their schedule now consists of some of the top teams in the nation.

This past season was a poor one from the won-and-lost column. The Warriors had only one victory, but this was not indicative of the brand of soccer they played.

First Row, left to right: R. DeRuby, J. Reed, K. Benoit, K. Kitz (mgr.), D. Kiewitt, J. Maloni, D. Luke, J. Semelsberger. Sec-

ond Row: Coach P. Kennell, D. Baker, K. Sherman, J. Nelson, B. Daniels, T. Hawk, R. Gessue, D. Helker, M. Bickley, K. Kelly.

With only five regulars returning from the previous season, Coach Phil Kennell had to attempt to build a winning team using many inexperienced players. The team compiled a five-won-and-nine-lost record. Coach Kennell made his team's victories important ones, as they were all Mid-Central Conference wins, which gave the Tech team second place in the Conference standings.

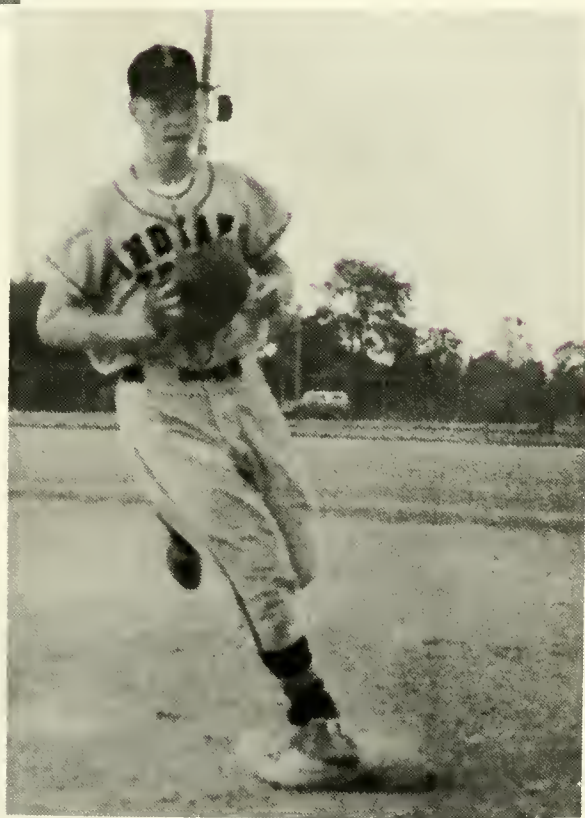

Rick Gessue paced the pitching staff by compiling a four-won-and-four-lost record. Kent Kelly led the team in hitting and also received the M. V. P. Award.

Gessue, Semelsberger, Nelson, Lewis and Luke will be lost due to graduation, and it may prove hard to replace them.

GOLF

The linksmen completed this season undefeated in match play with a seven-won-and-one-tie record, which is a first in the history of the school. They tied for first place in the Mid-Central Conference and finished tenth in the Little State Annual Golf Match.

Toby Richards was the squad's captain, and Bob Ashby was named the most valuable player.

Graduation will claim Richards, Bryant, Kostin, and Topp. This will be a great loss to the squad, so Coach Dow will be pressed hard to find enough talent to replace them.

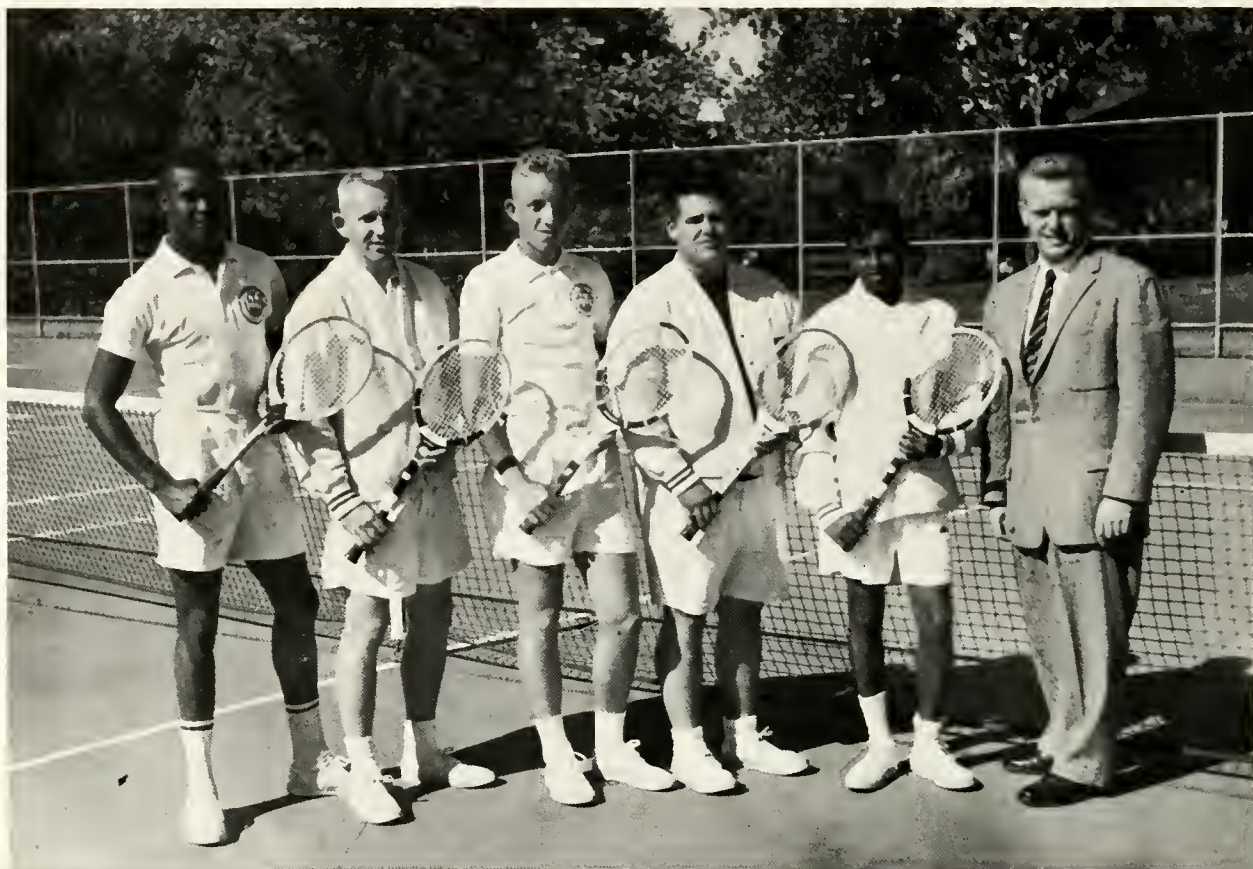

First Row, left to right: D. Lübe (Epee), A. Feliciano (Italian Foil), D. Graham (Epee), G. Wagner (Italian Foil). Second Row: R. Steffen (Sabre), S. Hippensteele (Sabre), L. Bornmann (Sabre), H. Wahl, coach.

FENCING

The Tech Fencing Team completed a successful season, but exceptional performances were turned in by Alvin Feliciano and Danny Graham. At the Indiana Divisional Championship Fencing Tournament, Feliciano won the first-place gold medal in open foil competition, and Graham won third place in the epee competition. Both men were invited to the National Tournament and awarded membership in the Amateur Fencers League of America. This was the first time that any student at Tech placed in this tournament.

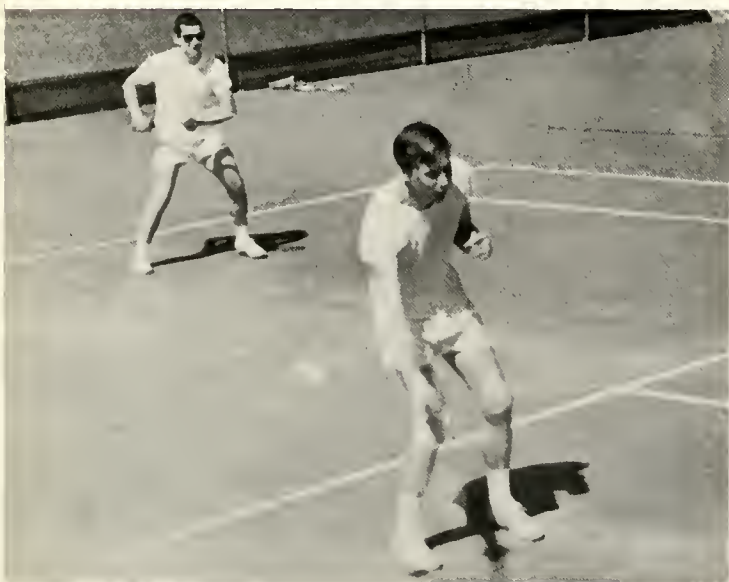

Left to Right: Ray Thompson, Art Firtion, Howard Grayless, Terry Aeschliman, Rama Bolla, Coach Ben Dow.

TENNIS

Coach Dow placed an inexperienced team on the courts this Fall with the exception of Art Firtion. Coach Dow seems to have great hopes of molding this young team into topnotch competitors. Ray Thompson and Howard Grayless improved greatly as the season progressed, and they may possibly be the leaders of next year's team.

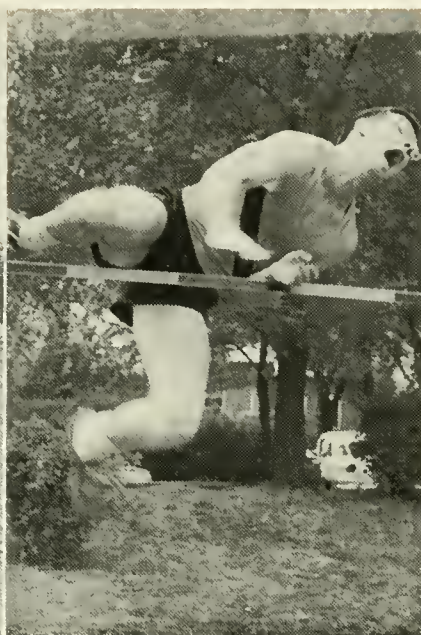

Art Firtion again this season won the Most Valuable Player award, but he will be lost due to graduation and will be a great loss to the team.

This season the Tech team gained only one lone victory over Grace and placed fourth in the Mid-central Conference.

TRACK

This was the first year that track was a Mid-Central Conference sport. The Tech team has been very weak in this sport the past few seasons, primarily due to the lack of depth. This same problem hampered the team again this year.

Coach Macy did receive fine performances from each man on the team. This year's team set seven

new school records, and were just beginning to look real good when the season came to a close.

This team proved they had something more than what their record showed. When they participated in the Mid-Central Conference (the final meet of the season), they finished a very close second.

TECH ALUMNI

Lou Culp is Director of both Public and Alumni Relations for the College, and also handles the activities of the News Bureau. Working with him are Bob Harold, Alumni Executive Secretary Winifred Troyer, plus three part-time student assistants.

Contrary to popular belief, the Alumni Relations Office, located on Center Drive, just south of the President's Office, is not operated exclusively for Indiana Tech graduates.

On-campus students are invited to visit the offices at any time when the staff can offer constructive counsel regarding campus or alumni activities. Any student is welcome to drop in for a visit if for no other purpose than to learn what the National Alumni Association accomplishes for its members

and what is expected of graduates after they have left the campus.

The Association looks on each student as a potential alumnus, who will some day become a vital part of the foundation on which the College is built. College graduates everywhere share the psychological urge to be identified as a member of the group, which is perhaps better described as the notion of "belonging." Truly once a student earns the title *alumnus*, he enters an exciting new part of the brotherhood of man.

Alumni Homecoming is a big annual event on campus, but graduates and former students are welcome to visit any time.

ASSOCIATION

Above, Winifred Troyer, staff secretary, discusses operation of the Alumni office with Charles Andracchio, a junior in Mechanical Engineering. Chuck is a student assistant, who often works on Alumni projects.

The Order of the Silver Slide Rule award is conferred each year on selected Alumni who have contributed distinguished service to the College or to the community in which they live.
